OFFER AND BRIEF DESCRIPTION

Tossa Cycling is a specialised cycling centre located in the heart of the Costa Brava -> Tossa de Mar.

Tossa Cycling's offer includes:

- Bike rental station
- Guided cycling tours of all types and levels
- Wide offer of services for organized cycling groups
- 100% specialized bicycle workshop
- Bar / cafeteria area combined with a large terrace
- Cycling events (stages / camps) combined with a stay on the Costa Brava

All this in the modern, comfortable and convenient surroundings of our spacious center.

Tossa Cycling focuses on high quality services related to cycling and for cyclists. They are offered for both foreign and local cyclists.

Tossa Cycling is offering all its services in the main languages (ES, CAT, EN, DE, FR, PL, RUS) - which helps a lot to adequately attend the cyclists from other countries

On the local ground Tossa Cycling manages a cycling club - which is very active (organizing and participating in sporting events).

The center is located right next to one of the most emblematic and well-known roads for cyclists on the Spanish coast - the GI-682 road connecting Tossa de Mar with Sant Feliu de Guixols.

The Costa Brava area has long been a popular destination for cyclists. Lately, the boom of cycling in Girona has meant that the area of Tossa de Mar (the most attractive for cyclists in our region) has attracted and welcomed even more cyclists.

Cycling on the Costa Brava covers almost all types of cycling. The beautiful and quiet roads attract road cyclists, the diversity of the terrain and the huge amount of paths and single trails are very interesting for mountain bikers (both XC and Enduro). The quiet and well-documented gravel tracks distributed throughout the region attract attention and amaze gravel bikers.
